## WORK EXPERIENCE

### Atodya Pvt. Ltd.

May 2026 – Jun 2026

Full Stack Python Developer

- 3+ client products went from concept to live deployment using **Django + React.js**, each with full auth, APIs, and Vercel, Render hostings.
- Client onboarding time dropped after reusable **Django app structures and component libraries** were introduced across projects.

### Sysslan IT Solutions

Jan 2026 – Apr 2026

Data Science Intern

- ML pipeline infrastructure was established for the team, preprocessing, feature engineering, and model evaluation using **scikit-learn** on real-world datasets.

### Meru Technosoft Pvt Ltd

May 2023 – Jul 2025

UI/UX Designer & Developer

- UI development time across 2+ products reduced after a shared **React.js component library** was introduced and adopted team-wide.
- Developer handoff friction dropped as Figma designs were converted into pixel-accurate interfaces for enterprise dashboards.

### Cargar Pvt Ltd

Jan 2025 – May 2025

Front-End Developer Intern (On-site)

- Production landing pages went live with improved performance, achieved via lazy loading, code splitting, and **React.js & Tailwind CSS**

## PROJECTS

### Law Prix : Legal Tech Platform { [lawprix.vishal-aidasani.in](https://lawprix.vishal-aidasani.in) }

Aug 2025 – Present

Django, React.js, Redis, Celery, Supabase, OpenAI SDK, Render

- A production-grade multi-portal legal SaaS platform was engineered from scratch on a modular Django architecture, serving distinct portals for individual clients, businesses, and verified lawyers, all unified under a single DRF API layer with JWT-based role-level access control.
- An AI-powered case assessment engine was integrated using NVIDIA Nemotron and OpenAI models via OpenRouter SDK, with asynchronous processing orchestrated through Celery + Redis and Supabase as the primary data layer; deployed on Render.

### Nexus : Student Resource Platform { [nexus.vishal-aidasani.in](https://nexus.vishal-aidasani.in) }

Jan 2024 – Mar 2024

Django, Firebase, Supabase, Vercel

- Platform scaled to 1,200+ active users concurrent active users within its first exam cycle at PDEU, sustaining 700+ monthly active users with zero marketing spend, driven entirely by organic word-of-mouth; built on a Django backend with Firebase Auth, Supabase file storage, and deployed on Vercel serving 10+ course categories.

## EDUCATION

### Pandit Deendayal Energy University (PDEU)

Jul 2023 – Aug 2027

B.Tech in Information & Communication Technology, GPA: 8.2

## ACHIEVEMENTS & CERTIFICATIONS

- **2nd Runner-Up, Tutedude Buildathon 2025** : Vakaalat validated as legal-tech SaaS in a 2-week sprint; awarded ₹6,000 cash prize.
- **Supervised Machine Learning: Regression & Classification** : Coursera / DeepLearning.AI (Feb 2026)
- **Nirman 1.0 Startup Pitch, PDEU** : Pitched Astute Contracts, a DeFi hedging platform, before a panel of industry experts.
